Prayer for Willingness to Heal

Hello beautiful this is Jennifer Hadley and our prayer for today is for being willing to heal to be willing to let go of whatever ales our mind whatever self deception there is whatever trickery there is in the mind and we are grateful that we can heal and we can choose to let go of the blocks to love so we place our hand upon our heart we're cultivating a profound willingness to heal at all levels so grateful to relinquish any idea that it's not possible for us that we don't have what it takes that this is only for special people we're choosing to lead a miraculous life and to heal from the idea that we're just not enough for that there's something wrong with us that we are bad that we're unlovable or stupid or any other believe that we might have about ourselves no we're letting all of that go and we're allowing ourselves to truly recognize that we can heal, so we're cultivating that willingness to deeply heal and transform where allowing ourselves to be lifted and shifted up so high in vibration that the healing happens with an ease and a grace we never knew was possible we are so grateful to allow ourselves to experience this profound healing this profound letting go of lack attack, limitation and separation were so grateful to give ourselves over to the healing and transformation that we desire we are cultivating a willingness that's undeniable that is profound, perfect and beautiful we are sharing the benefits with everyone everywhere because we are forever one with them we let it be and so it is amen amen. Amen. Good, good good good good good to be willing. Thank you for being willing with me today and for being my prayer partner OK what is coming up master living registration is open and right now that's the focus. The sooner you register the more bonuses you get and I am so grateful as we're coming to the

thanksgiving holiday for all the good that is showing up in our lives in our hearts and minds. I'm feeling just so blessed and yeah, and supposedly, we are at the point of the dawning of the each of Aquarius and you know the song where it talks about when the moon is in the seventh house and Jupiter aligns with Mars apparently that's what's happening this week and so I say yes, I welcome the age of Aquarius into my heart and mind into my life and I love you. Have an amazing and beautiful day being willing to heal
