Here is your host, Reverend Jennifer Hadley.

### *Opening Prayer*

---

Jennifer      Bonjour! Bonjour! Welcome to my 200<sup>th</sup> episode. Oh, my goodness. [chuckles] Yes, I can't believe it's 200 episodes. That's a lot of episodes. Yes, it is. For those of you, who've listen to all of them, God Bless you. Thank you for going on this journey with me and what a journey it is.

Let's begin our journey today with a blessing and a prayer. I am so grateful to place my hand on my heart, to join with you and to know the truth, that sets us eternally free from all pain and suffering. We're grateful and thankful right now with our hand on our heart to be wholeheartedly available to be loving, to be compassionate, to be kind, to be our true selves. We Partner UP with the Higher Holy Spirit Self to remember that our true identity is perfect, Holy and complete. We are already as Holy as Holy can be. This is our true nature, this is our true identity.

We're grateful and thankful to recognize I AM that I AM and we are One with the I AM Presence of all beings and so everything is already been given to us the whole kingdom and we are accepting it now, we're allowing it now. We're surrendering beliefs in lack, in sin, in suffering, in pain, all false beliefs, all false idols falling away and we're standing in the light of the truth of our own being.

So grateful and so thankful to allow ourselves to be the light that is our true nature. In Grace and Gratitude, we share this light with everyone because where One with them.

So grateful and so thankful to joyously allow it to be, we let it be and so it is. Amen. Amen, Amen, Amen.

[breathes deeply] What a blessing. Indeed. What a blessing. Profound.

### *Love is Abundance, Love is Prosperity*

---

Yes. Well, celebrating this 200<sup>th</sup> episode, I can tell you what I did was I tuned in to see, as I always do, what is it that the Holy Spirit is putting forth for us to share about, discuss, tune in to, look at, examine and what I got was Prosperity. Yes, Prosperity.

Prosperity is a major issue for a lot of people and I've definitely had my Prosperity in Abundance issue myself and I learned a lot. *A Course in Miracles*, it's interesting. It's—well, we'll get into it here. It's quite interesting and it's extremely helpful, of course.

One of the things, I know from my personal experience is that anything that we hold against another to any grievance that we hold, any unforgiveness, any resentment and even personal regrets. Any of these things that we might hold onto mentally and emotionally blocks the flow of Abundance and Prosperity.

One of the things, I know about us folks having a human experience is most of us, who are having blocks to Abundance and Prosperity, we look outside ourselves for the cause. We think, “Well, if only, this was different in my life, if only that was different. Well, if only I had a degree, if only I hadn't made that investment. If only I had married that guy. If only I had taken that job. If only I hadn't taken this job. If only I had listened to this or to that.”

But our state of Abundance and Prosperity is not really because of circumstances. Yeah, it's just not. **Being in the flow of Abundance and Prosperity is being in the flow of Love. Love is Abundance, Love is Prosperity, Love is all our needs met.** When we live in the flow of Love and Joy in our heart, then all of our needs will be met in everything. They really will be and it doesn't mean that there won't be challenges and—we could say upsets in terms of what we thought was going to happen because

we're all releasing the past, every single one of us, myself included. We're going to have experiences that give us the opportunity to look at what we think about the past and the meaning that we made of the past. Yes.

Particularly, one of the things that I've noticed is that when people have grievances around money, then it affects their experience of the flow of Abundance and Prosperity. If you're in resentment and regret about your financial experiences in your life, that's a great place to begin your forgiveness work if Prosperity and Abundance are an issue for you.

Now, think on this, if you're *A Course in Miracles*' student and you have any thinking that this course is really helpful and that it's a path of awakening for you, then forgiveness is every day. What true forgiveness is releasing that meaning that you have made of things, right? That's one of the Workbook lessons start. Everything, I see only has a meaning that I have given to it.

### *Releasing the Attachments*

---

Our whole walk in life is to release the attachment we have to the meaning that we made of things because it's the meaning that we made of things that keeps repeating in our mind and if it repeats in our mind, through our thoughts, our belief systems, then, it's going to repeat in our experience, right? That's *A Course in Miracles* 101.

If we'd like to stop repeating the same experiences, we must release those beliefs which aren't true. Truths is true, beliefs are not true. See, there's a difference there. For thinking thoughts in accordance with beliefs that aren't true, we're going to keep having experiences to play those beliefs out in order to recognize what's really going on there, in order to see it on the screen of our lives and choose again.

That's Divine Grace at work in our life. Divine Grace is showing us our belief systems in the form of our thoughts and when we choose thoughts that are incongruent with our loving nature, our true nature, it's going to upset us every time. That's a good thing because that upset is telling us, "Oh, you're choosing thoughts that aren't actually true. You can choose again."

Every time we're upset, every time we're afraid, every time we're worried, every time we're concerned, every time we're angry or annoyed or sad or grieving, in any way, shape or form, it's time to choose again.

Now, most of the time, this is what I was talking about last week in having the Holy Spirit as your personal trainer, most of the time, we're lost--when we're experiencing this kind of pattern, we're lost in the muck and the mire of our opinions, our judgments, which reflect our belief system. It's where we're just magnetizing into our awareness, more and more thoughts that are congruent with the judgments and the opinions that reflect our belief systems. It just keeps spinning around and around creating more and more and more. Right now, almost everybody I know is in the spin cycle. [chuckles] We're in the spin cycle, the spiritual spin cycle and everything is being spun out. If we're willing to let it go, now is the time.

The thing for each one of us to recognize is that there's so much assistance for us in the invisible. There's so much assistance for us in the invisible. But we do have to choose it, we have to claim it. We have to claim our inheritance and claim our Abundance and claim the assistance.

### *The Immaculate Heart of Mary as the True Abundance*

---

Now, in our *A Course in Miracles* studies, we know, that this teaching is given to us by Jesus, via Helen Schuman and Bill Stafford. Helen was the scribe, who wrote it down, Jesus is the one who gave the dictation. Now, in the ascended master realm, Jesus is the one who's helping humanity to attain or remember their Christedness and to live as the Christ. This is His mission.

In the ascended master realm, Mother Mary represents true Abundance. True Abundance. What true Abundance is, is that Immaculate Heart. It is the heart that can hold no grievance. That's true Abundance.

Isn't that interesting, would you ever have thought that Mother Mary is the one who represents true Abundance and healing. Uh-hmm.

What I'm suggesting to you is--well, what I'm sharing with you is for me, myself, I ask Mother Mary to teach me how to have an Immaculate Heart. I ask Jesus and the Holy Spirit, which is my own Higher Holy Spirit Self, the I AM that I AM, I ask the company of heaven and all that is Holy, to walk with me and talk with me all day long. To assist me and lead me and guide

me, all day long, to the most loving choices, the most patient, kind, generous, loving choices. That's what I'm interested in. That I am naturally gravitating to those choices because they're the only ones that feels right.

### *Stop Giving to Get*

---

It's interesting in the Chapter 4, Section II which is called "The Ego and False Autonomy." It says here,

*"Be patient and remember that the outcome is certain as God!"*

The outcome of working the Workbook, the outcome of doing this work and listening to our teacher is as certain as God, our healing is as certain as God and he is telling us to be patient. He says,

*"Only those who have a real and lasting sense of Abundance, can be truly charitable, truly charitable. This is obvious, when you consider what is involved. To the ego, to give anything, implies you will have to do without it. When you associate giving with sacrifice, you give only because you believe that you are somehow getting something better and can therefore do without the thing you give.*

*'Giving to get' is an inescapable law of the ego, which always evaluates itself in relation to other egos, it is therefore, continually preoccupied with the belief and scarcity, that will give rise to it. "*

What he's saying here is stop giving to get if you'd like to experience true Abundance.

Step number one, release all grievances, do the forgiveness work.

Step number two, stop giving to get. Because every time we're giving to get we are automatically affirming that there is lack, there is limitation, there is separation. Because in our mind the only thing that creates lack and limitation, is the belief in separation. Lack and limitation is evidence of belief in separation.

Now, we also live in a world where so many spiritual teachers renounce the world and live in poverty, right? This is a common thing. Though, I think some of the spiritual teachers we see in the modern world, not so true. But, it is a time-honored tradition, that people who walk the spiritual path they renounce the world and so they renounce the things of this world and the accumulation of wealth. When we are in the flow of Love, there's no need

to accumulate wealth, because you live in a constant state of Abundance and Prosperity, that's our natural state. We're returning to our natural state and in order to return, we have to look that, "Do we value scarcity thinking?"

One of the invitations here is to look at how scarcity thinking plays out in your relationships, in your workplace, in your home, in your own mind, because sometimes for some people, scarcity is a motivator. "If you don't do these things for me, I won't love you." Right? Well, that can lead to scarcity thinking.

If you think, "Oh, this one is my source, not God. This one. If they don't do those things for me, then, I am without because they are my source." Very common to think that, "Oh, our children are the source of Love, our spouse the source of Love or Prosperity or Abundance." It can really look that way, sometimes. The thing is, however, it looks, however, intense it looks, it looks that way, because that's what it takes to get our attention. That's what it takes, for us to heal that false belief. That's what it takes for us to no longer worship that particular false idol.

If we can move into a deep and abiding Gratitude for things just as they are, that can help us release the resentment and release the regrets and open up the flow of Abundance, Prosperity, Wealth, Healing, Love. To be able to look at everything just as it is and say, "Oh, it's perfectly designed for my healing and my healing is my number one priority. I am healing the mind and fortunately, I'm not in charge of it. I'm only in charge of my willingness. The how of my healing, that curriculum and how it will unfold. It's totally up to the Holy Spirit and being led and guided by the same mind that led Jesus Christ, to the Christened, have seen it? How cool is that?

If we like, we can say we have the same mother, who's teaching us how to have an Immaculate Heart, living in true Abundance and true Prosperity. Let us not satisfy ourselves with false idols of money and stuff and think that, that is true Abundance because it never has been and it never will be. Our Abundance is the kingdom of heaven and served to us.

### *Celebrating 200<sup>th</sup> Episode and ACIM Classes, Podcasts and Others*

---

Jennifer Hey, hey, hey. We're back celebrating the 200<sup>th</sup> episode here of *A Course in Miracles* radio show at Unity Online Network. How cool is that? This radio show is sponsored by PowerofLoveMinistry.net. We put on the *Living a Course in Miracles* classes. We had--gosh, I don't know how many thousands of people last year in classes and this year, I know overall we've had way more than 30,000 and from over 100 countries around the world. We have quite a lot of people around the world listening to this free radio show.

I just wanted to let you know, all these episodes of the previous episodes, including this one, are available or this one will be available on the iTunes and other podcast servers, where you can get podcasts and of course, at the unity.fm website. All these places, you can subscribe to the podcast, which makes it really easy for you to get to those episodes delivered to you. But you can also go online and just listen to whichever episodes you'd like. You also can download them individually. Please do so and please share with friends. It's a wonderful resource for people.

I have previous episodes with Ken Wapnick and Jon Mundy and Gary Renard and Gary Renard's family and Nouk Sanchez and Nick Davis and Robert Holden and Regina Dawn-Acres and David Hoffmeister and the list goes on and on, all the wonderful *A Course in Miracles* teachers, that I've met along the way. It's been such a pleasure to share with them and join with them in doing the radio show, over the last four years. [chuckles] It takes four years to do 200 episodes of this radio broadcast. Yes, almost every week for the last four years. It's been my pleasure to join with you and transcend time and space. If you Love the radio show, please make a contribution and help us keep it going.

This week we're talking about--oh, you know, I want to make a mention. Last week, I did a free class called *Seven Simple Steps to Interrupt the Patterns*

of Fear, it's a preview, it's a free class preview for my *Finding Freedom* boot camp, my spiritual boot camp class. I believe, you can listen to that *Seven Simple Steps* on my Jennifer Hadley website for free, right now. *Seven Simple Steps to Interrupt the Patterns of Fear*, many people have issues around fear and money. Totally understandable. I've had those issues myself. That's how I learned my *Seven Simple Steps to Interrupt the Patterns of Fear*. Really applying these *A Course in Miracles* teachings in very specific ways to interrupt the patterns of fear.

Also, I have my free Forgiveness Workshop because remember how I said at the beginning, that a lot of Abundance and Prosperity issues are related to forgiveness, resentment, regret. We forgive ourselves, our debts and our debtors. That's it baby. I have a free Forgiveness Workshop called *How to Get over It*, on the home page with JenniferHadley.com. Those resources are there to support you in doing this deep work because I know, it ain't easy. It's simple a lot of the time, it's so simple. *A Course in Miracles* makes it simple, but it's not easy.

### *Avoiding Specialness*

---

Alright. In Chapter 1, "The Meaning of Miracles," in Section IV, "The Escape from Darkness," it says here--I Love this. "*Those . . .*" This is Jesus telling us.

*"Those who witness for me, are expressing thru their miracles, that they have abandoned the belief deprivation, in favor of the Abundance they have learned belongs to them."*

Being a witness for Jesus--what does that mean, being a witness for Jesus? That means, letting Him lead and guide. Then, when he does, you will feel it, you will know it, you will recognize it. When that happens, then you will be a witness. You will be able to say, "I felt myself led and guided."

There can be this belief in specialness, right? This is one of the main teachings of *A Course in Miracles* about avoiding specialness. There's the thought, that the person who says, "I heard the voice of the Holy Spirit, I hear the voice of God, I hear the voice of Jesus. I feel Jesus leading in me and guiding me." There's the thought that, "Oh, that person, thinks they're special" or the thought that they are special, that's why they are being led and guided by Jesus. "I'm not special. I'm not being led and guided by Jesus." One of the most common questions I get is how can I hear inspiration,

intuition? Now, I've done radio shows about that, so you just look in the archives. Two hundred episodes. [laughs] Look in the archives and you will find those shows. I try to make the titles of the shows really plain, so you can see with those topics are but there's just [audio out] too.

Inspiration is always available, intuition is always available. This is what *A Course in Miracles* teaches us, if you don't hear the voice of God, the voice for God, it's because you don't want to. Totally understandable. This is our journey. It doesn't mean, that we're bad or there's something wrong with us. It's in our thinking, where the error is, not in our beingness. There's nothing wrong with any being, but there are errors in our thinking and in our belief system.

So far, belief system is what is leading us and guiding us not to truth, not the Holy Spirit, not Jesus, Mother Mary, then, what's happening is we're being led by ego. He's in charge of our belief system. We can give the whole big mess to the Holy Spirit for healing and then we can witness for Jesus. Yes, we can.

This is our Divine opportunity. This is our Divine destiny. This is what we are being called to. Absolutely.

### *Believing in Scarcity*

---

In Chapter 7, "The Gifts of the Kingdom, ""The Totality of the Kingdom. " It says here. . . This is Section VII, Paragraph 7--how appropriate. In Chapter 7, how appropriate is this,

*"One Child of God is the only teacher sufficiently worthy to teach another. One Teacher is in all your minds, and He teaches the same lesson to all. He always teaches you the inestimable worth of every Son of God, teaching it with infinite patience born of the infinite Love, for which He speaks. Every attack is a call for His patience, since His patience can translate attack into blessing. "*

That's the Grace of God.

*"Those who attack, do not know they are blessed. They attack because they believe they are deprived. Give therefore of your abundance, and teach your brothers theirs. Do not share their illusions of scarcity, or you will perceive yourself as lacking. "*

I'm going to read this again.

*“Those who attack, do not know they are blessed. They attack because they believe they are deprived. Give therefore of your abundance, and teach your brothers theirs. Do not share their illusions of scarcity, or you will perceive yourself as lacking.”*

When we believe in scarcity, then we attack. When our mind has gone into attack mode, which is complaining, which is opinions, which is judgments, when our mind goes into that despair, what we're doing is we're saying that the fullness of God's Love, which is our Abundance, which is our wealth, has been removed somehow. It's been blocked somehow. What could block it, but our thinking, only we can block it. It can't be blocked by someone else. Our Abundance and our Prosperity can't be blocked by someone else. Our Abundance and our Prosperity is not what we see in the material world, it is the Abundance and Prosperity, just like Love and Wholeness and Freedom and Wisdom and Clarity. These are spiritual qualities of God, that are the kingdom and the kingdom has already been given. It's preinstalled, it's within us and we cannot experience the kingdom of God if we place our belief in something else. That's why, it's seek first the kingdom of God and all else will be added onto you. It's really that simple. It can seem overwhelming, oh, do I know. It can seem so completely overwhelming.

I know, that what I used to think and believe--I thought it because I believed it. I used to believe I'm bad, I'm wrong, I'm not good enough. There's something wrong with me. I don't even know what it is, but I just feel it's so pervasive in my life. I literally felt like I was spiritually stupid because I was studying these teachings, but I noticed, I'm still having the same feelings, same issues, same problems, repeating again and again and again. I feel like I'm digging in deeper, even though, I can say, yes, I'm more patient. I'm more kind. I'm more loving. I'm more generous, this and that. I'm also in more despair about not having more healing, more expansion, more clarity, more freedom. It's just not getting easier.

You know, I had this fantasy, when I was younger, that it would get easier and easier and easier because I'd become wealthy, I'd become successful and all my dreams would come true. I would make them happen and so my life will get easier. I will be able to manifest and make and create and bring forth all the things that will make me happy. My life is just going to get better and better and better. Specifically, once I get away from my family and my parents and all those feelings of being not good enough and wrong

and bad, well, it didn't work that way. It doesn't work that way. It does not work that way. [chuckles] That is a fantasy for sure.

### *Surrendering Leads to Awakening*

---

What happened was, I had to face it. I had to face my mind and I had to surrender. I had to say, "God, Holy Spirit, Jesus, Mother Mary, company of Heaven, all that is Holy Higher Self, I don't want to run this life anymore. I'd like to be led and guided. I would like to seek the kingdom first." I'm going to make that my focal point. Seriously, whether or not everything is added unto me, I don't know. But I do know this, I'm really, am only interested in being loving, being compassionate, being kind and being generous. I've had enough of being angry and resentful and tired and complaining and hurt, I've had enough of that stuff. I can't stand it anymore. I made that shift.

I thought, I have no idea how this can happen, but I'm going to put my full faith, and that it will happen. If I surrender, trying to make it happen and allow myself to be led and guided, I believe, I will be.

What I started to notice, was that I would have a feeling of in a moment of upset and things like that, I would stop and pause and say, "Wait a minute. What is the loving choice here? What is the most loving choice I can recognize, that I can see, that I can find?"

A lot of times, those loving choices were completely contrary to how I had lived my life up to that point. What happened was, I really had this heart's desire to move into ministry and teaching, but I did not feel qualified. I thought, oh, I'm not holding enough for that. I'm not good enough for that. I'm not loving enough for that, but that was my heart's desire.

I started down the path of becoming a scientific mind practitioner and then a minister. I know it was a long path. It was nine years of studying classes at Agape and at the Holmes Institute. I have to say, that none of that was the--what I thought it would be. Some of that was really, really wonderful. But my ministerial training was--to me, it was an intellectual exercise, that was very boring and dull. I thought, well, this is not true ministry. Where's the mysticism? Where's the awakening? Nobody's talking about awakening here? It's all very intellectual.

I completed that course work. I said, "I'm going to set myself free into the mystical." I moved into *A Course in Miracles*. I gave myself, as much as I could to the Holy Spirit, to Jesus. I'm still doing that and I'm still awakening. I'm still on this path of waking up, this path of healing.

What I have learned is that when I began, I really--I was really frightened. How am I ever going to lead a ministry? How am I ever going to make enough money to support myself, much less, expand a ministry? I felt a calling to a global ministry. How am I going to do that? What I realized was, "Oh, I'm not doing this, I'm allowing it. I'm allowing myself to be led and guided. I don't have to figure it out, because I'm not alone. I'm not on my own." That was the big switch that I made. I am not alone. I'm never alone, ever. I'm never on my own. My past does not determine my future, unless I think it does and I don't think it does.

What happens in the future with the ministry--it's not, that I don't care? Of course, I care. I care deeply, but I don't plan that far ahead. All I'm planning for is the Grace of God and the Love of God to shine through me more and more and more, so that, I can be a living example of what I'm sharing and what I know to be the truth.

I'm interested in supporting people or just simply that living example, too. What I can say is our true prosperity is our loving heart and cultivating an Immaculate Heart is the most challenging thing I've ever done in my life, and it's the only thing that matters, really truly.

Yeah. We'll talk more about Abundance and Prosperity, when I come back. We're celebrating our 200<sup>th</sup> episode. Remember, you could still get the *Seven Simple Steps*, the class that I just did, at [JenniferHadley.com](http://JenniferHadley.com). *Seven Simple Steps to Interrupt the Patterns of Fear*.

### *The Holiest Spot on Earth*

---

Jennifer Hey, hey, hey, we're back again celebrating our 200<sup>th</sup> episode. Just a reminder, that you can download them all for free. All for free. [chuckles] Enjoy them. Yes. It has been a labor of Love, which is no labor at all, it's a joy.

Oh. In talking about Abundance and Prosperity, what the Spirit led me to, was a realization that true Prosperity, of course, is that Immaculate Heart. One of the things that happens to us, is we have our stuff that we're working out, right? Call it karma, call it whatever you like. We're working out challenging relationships.

The last *A Course in Miracles* Conference--we're doing the next one in Las Vegas in April. If you go to JenniferHadley.com on the Event's page, I believe, there's the link there for the *A Course of Miracles* Conference and you click through and learn all about that conference. We had such a good time in New York. I did. I had a wonderful time being with everybody and I even got food poisoning. [chuckles] I know we're going to have a great time in Vegas. Anyway, come join us in Vegas.

Alright. The topic at the *A Course of Miracles* Conference, this year 2015, was about that section in Chapter 26, Section IX, Paragraph 6, where it says,

*"The Holiest of all spots on earth is where an ancient hatred has become a present Love. "*

What I have noticed in my life experiences that some of the issues around Abundance and Prosperity also relate to issues, that feel like betrayal. It's this opportunity to take an ancient hatred and turn it into a present Love, the Holiest spot on earth.

What I love, it says in this section is, "Angels. . ." Sorry.

*"Around you angels, hover lovingly to keep away all darkened thoughts of sin and keep the light, where it has entered in. Your footprints lightened up the world, for where you walk. Forgiveness gladly goes with you. "*

“Around you angels, hover lovingly to keep away all darkened thoughts of sin and keep the light where it has entered in. Your footprints lightened up the world, for where you walk. Forgiveness gladly goes with you. ”

Yes. A little bit later because now is the temple of the living God, rebuilt as host again to him by whom it was created.

### *The False Idols*

---

What *A Course in Miracles* tells us, is that we are the alter of God and our beingness is that temple. We're rebuilding the temple of God by doing this forgiveness work, by remembering that we are the light, right? Remember, we are the light. The light cannot be soiled or dirty. You are a light being and there's no way to attach, anything to you to make you impure. All impurity can only be a belief of false idol. False idols get in the way of our Clarity, our expansion, our healing. False idols can come in the form of a relationship, in the form of a house or a job.

What is a false idol? A false idol is something that's more important to you than your loving heart, than being kind to yourself and others. That makes it into a false idol. It really does. Yes. Just thinking about that for a moment, where are you investing in false idols because that will affect your Prosperity and your Abundance. Sometimes, people make their home or their car, their job or their children or their dog, a false idol. How you know it's become a false idol is when you have fear around it, when you have fear of loss, fear of loss.

Now, for me personally, I noticed God has got me on this program, where I'm moving around all the time, so that I'm releasing all attachments to things. I don't have a permanent home, I have a temporary home. I know, I'm following guidance by doing this. It's really helped me to release so many attachments, especially, when I've been staying in people's homes and things.

I know, [chuckles] last winter, I was staying with my brother in the fall and the winter. There was a point--my brother has four children and two of them are in college. Well, one is out of college already. Everybody was home for the holidays. All the rooms were filled at the inn and so my brother said, "You know you're so welcome to continue to stay here, of course, through the holidays and everything, but the only room, we have

for you is in the basement, you know, on the futon and the little TV room in the basement. "

I slept down there, for, I don't know, two or three weeks, that was my room in the basement and I loved it, because I thought this is great, you know. Here I am, this spiritual teacher and with thousands of students around the world, you know, in all the free classes that I do, thousands of people take them. I'm sleeping on my brother's futon in the basement. It's great, because I didn't make any meaning of it that he didn't love me or that somehow I had fallen to this point. But, there was the time when I would've definitely thought, "Oh, my God. Look how low I've gotten. I don't have my own home. I'm sleeping on my brother's futon in the basement. Oh, my God. Look, what's happened to me. " But I didn't feel that way at all, not at all, because I knew, I was living in alignment, with what I was being guided to. That's the difference, you see.

### *Closing Prayer*

---

Oh, my gosh. The time is up. Time is up. And we're completing this 200<sup>th</sup> episode, so let's just take a moment here to bless ourselves and pray.

Thank you for joining me for this 200<sup>th</sup> episode. Thank you for joining me at all. As we place our hand and we take the breath of Love and Gratitude, I am so grateful and so thankful to celebrate that we have already been given the kingdom. We are celebrating that, that Immaculate Heart is what we are cultivating and it's our true nature, it's our true identity. We're forgetting every other home, but the home we have in God.

In Grace and Gratitude, we joyfully allow ourselves to live in the truth, to share the truth, to demonstrate it with everyone, because we're One with them. We accept all the gifts of the kingdom. We let it be and so it is. Amen. Amen, Amen.

Thank you. Have a great rest of your week. Mwah.
