## Prayer for Realizing the Good in Our Lives

Hello Beautiful,

This is Jennifer Hadley, and our prayer for today is for realizing the good in our lives - recognizing the good in our lives.

It's already there. We are openhearted and open-minded, and we are willing.

So we place our hand upon our heart, and we take that breath of Love and gratitude that opens our mind, opens our heart to recognize and realize the good that is flowing in our awareness and our consciousness, in our life, in our experience.

We are grateful and thankful to open ourselves to a full awareness of all the good - the realization of all the good that is happening in our lives.

And we are grateful to give up denying it.

We are no longer interested in fighting to pretend that we are victims.

We are grateful to recognize that we're part of God, part of God's infinite Love, part of God's infinite creativity and wisdom.

We are part of the all good, and there is good always unfolding for us.

Even when it doesn't seem possible, still the good is there.

We are grateful to open our awareness to recognize and appreciate, to realize and to truly know that we are blessed and there is so much good unfolding in our lives.

We are grateful to see it clearly, to know it clearly, to feel it clearly.

We are consciously sharing the benefits of our good with everyone everywhere because we are eternally one with them.

We allow it to unfold with ease and with grace.

And we let it be.

And so it is.

Amen. Amen. Amen.

Yes, so it is. Amen.

Thank you for praying with me today. Thank you for being my prayer partner.

Thank you for being willing to have realizations of the all good.

And what's coming up?

Easter - Easter weekend.

I'm at Sundays with Spirit on Sunday.

Monday, I'm doing a Forgiveness Workshop in the morning, and then I am offering Part 1 of my four-part Prayer Power class.

Prayer is an invaluable power tool, and I love teaching these classes, so I hope you'll come and join me.

And have a powerful, beautiful, blessed day.

I love you.
